DEAK Order Code / Serial No.:	
Detailed Error Description / Comments:	

Following federal regulations and to effectively protect our employees it is mandatory that the consignor duly stamps and signs this Declaration of Contamination.

Handling of a returned device will only be carried out by LABOM if a valid Declaration of Contamination is made available by the consignor.

Therefor we ask to please confirm the following.

- We confirm that the device(es) was/were never in use.
- We confirm that the device(es) was/were in use but never in contact with process media that is hazardous to health.
- We confirm that the device(es) was/were in use and in contact with process media that is hazardous to health.

Return Shipment / Declaration of Contamination

If hazardous process media has to be taken into consideration, please confirm the following properties:

- toxic corrosive explosive
- radioactive biologically hazardous
- Safety Data Sheet acc. to 91/155/EWG is attached**

Responsible Contact Person regarding Protection Measures:

Phone:

E-Mail:

- We herewith confirm to have decontaminated the device(es) and all add-on components according to valid regulations.**

The signature confirms the correctness of all statements made above.
